All of our products are designed to satisfy the requirements and expectations of our customers, while also adhering to industry, statutory, regulatory, internal, and customer safety and quality standards. Nevertheless, we surpass this by consistently evaluating and enhancing our Quality Management System to improve our performance, increase customer satisfaction, and achieve our organizational objectives and quality objectives. We anticipate that each employee will adhere to these fundamental principles and contribute to the preservation and enhancement of quality

Quality Policy

HSE Policy

We, Anticorrossion Company (ACC) , recognize that high standards of health, safety and environmental protection are integral for the growth of the organization and its people. We are committed to providing a safe and healthy workplace for all employees, and preventing any untoward incidents, accidents, injury and/or ill-health of any employees, contractors, and other relevant stakeholders. We also aim to take adequate measures to protect the environment and prevent environmental pollution
